The Viking . . . 1960

The staff of the Viking presents your yearbook for 1960. We warmly welcome you to Marysville, if this is your first year here. If you are a veteran of these halls, we hope we can bring back fond memories through the Viking.

Your joys and tears, good times and bad times, serious and carefree moments are all reflected in this one book. In future years you will cherish these experiences of mixed emotions, and we hope that your 1960 yearbook will be an agent for your memories.

Junior High

Plans are underway for a new junior high building to be completed by next fall. Shown viewing the plans are the members of the board of education, left to right: B. E. Neal, Richard W. Kern, Clarence E. Heeke, Norris A. Hanks, Superintendent; Wm. A. Johnson, and Louis Schmorow.

This has been a busy year for members of the Board of Education. Projects included the completion of plans for the new Junior High School, expansion of the Junior High School-Senior High School site and participation in the Port Huron-Marysville Area Study and the Wurzel Committee reviewing new and proposed school legislation.

Work was continued on the development of the playground area at the Marysville Gardens Elementary School and the revision and extension of the Code of Policies and Procedures for the school District. In addition, the Board had devoted time to meetings with committees of teachers who are studying our curricula to make possible extensions or improvements of present offerings.

Duties and responsibilities of board members are growing with the expanding school system. However, Board members have accepted this extra load willingly, considering it a privilege to serve the school and community.

Toilers on the Job

In the picture on the left is Lillian Duncan, bookkeeper for the Board of Education office, and right is Marie Knuth, secretary and bookkeeper for the Board of Education. These two are, in effect, the motor works of the office. They keep up correspondences, file papers, keep the books and in general keep the Superintendent's office running smoothly. Many praises are due!

Teachers

This has been an extremely busy year for Mr. Stanley Hardman, Principal of the Marysville Junior High School. In addition to tending to his everyday routine of principal of the present junior high, he has been busy making plans for the use of the new junior high school building which should be completed sometime during the 1960-61 school year.

Activities

During the celebration of a New Year, it has been the custom to make resolutions concerning one's habits and changes in living. How appropriate it would be, at this time of year, if each person would take an audit of how they make use of their time. Every person has a "bank-of-time" from which we spend our days, hours, minutes or seconds. The "bank" seems to have an unlimited supply of hours and many of us fail to make check on how we are spending them. The success of individuals is often determined by how they spend their allotted hours and days. We can affect time by spending it profitably and pleasantly both for ourselves and associates or we can do just the opposite, we can be sarcastic or have a sense of humor; we can be happy or melancholy; friendly or hostile. These characteristics and many others determine how we affect time, ourselves, and our friends.

A little time spent in planning pays large dividends in personal satisfaction and time saved. Putting off tasks until we have an insufficient amount of time to properly complete the assignment only results in frustration and an improperly prepared lesson. How wasteful to squander our time by trying to race with the calendar or the clock to do our work!

We often hear some one say how the day drags or time seems to go so slowly. Routine, repetition or monotonous activities slow down the clock and make the day seem longer. Time will seem to go faster and will be more profitable when we insert variations in our everyday life. These activities take planning and thinking and cannot be accomplished by haphazardous or random undertakings. The happy, successful person will frequently take an audit of his "bank-of-time." Are the hours being squandered or wasted? Could the project have been accomplished in less time and in a more profitable manner? Why not take an audit of your "bank-of-time?" How are you spending your allotted day, hours, minutes or seconds?

OMER P. BARTOW
Principal

Two "Gals Friday," busily at work, perform their daily tasks. Mrs. Helen Perkins (left) and Judy Briggs (right) are the Senior High office clerks. Among their jobs are typing, accounting, and book-keeping.

Helpers At Work

"Will it ever be my turn?" Perhaps this is what is on the minds of the students waiting to see their counselor.

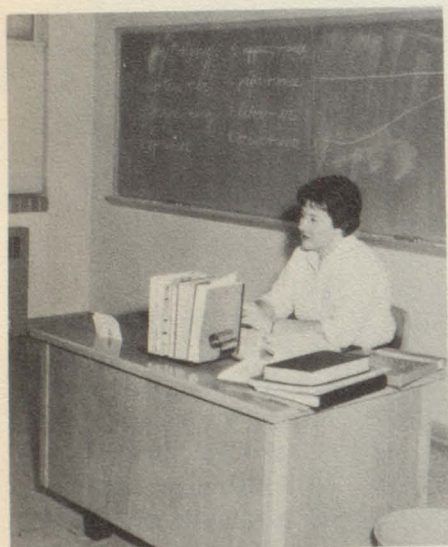

The counseling program at Marysville High School is shared by Miss Aharas Kresin and Mr. Burman Misenar. In the pictures the counselors may appear to be unoccupied, but if you have ever tried to contact one, we are certain that you know otherwise. Perhaps Mr. Misenar was busy giving an achievement or an aptitude test, or enrolling another student, or setting up a four-year program for someone, or helping a pupil decide on a vocation, or a million other things with which he keeps himself busy. Miss Kresin, on the other hand, may have been processing someone's admission to college, helping him get a scholarship, writing recommendations for a student's first job, or figuring grade averages and rank in class. So you can see that a counselor's life is not an easy one.

The counselors also give personal guidance to students. If, perchance, there is a student who has an acute personal problem, the counselors will refer him to professional help.

Languages

Miss Clare Vivian teaches English 12, and Spanish I and II. She also advises the Amplifier staff and the Yearbook staff. Miss Vivian loves to ski and bowl in her spare time.

Miss Jean Wilson is a new addition to M.H.S. this year. She teaches academic and general English to the tenth and eleventh grades.

Mrs. Shirley Bellow teaches academic and general English to the tenth and eleventh grades. She is sponsor to the Service Club and the Future Teachers Club.

Mrs. Bellow is also a junior class advisor and helps with the junior play committees. After all this, she should have time for hobbies?

"Those having torches will pass them on to others."
Plato

In addition to her duties as a high school counselor, Miss Aharas Kresin teaches a twelfth grade English class and a tenth grade English class. She is also an advisor to our local chapter of the National Honor Society.

Mrs. Gorham is a graduate of M.H.S. She teaches English and works in the school library one hour every day.

She loves to read and does a lot of bowling. Among her favorite hobbies are bowling, playing the piano, and reading.

Mrs. Edwina King has been a regular substitute teacher in Marysville. During the recent absence of Mrs. Sharritt, Mrs. King took over the Latin I and II classes and Mrs. Sharritt's world history classes. She has also substituted in Miss Kresin's twelfth grade English class.

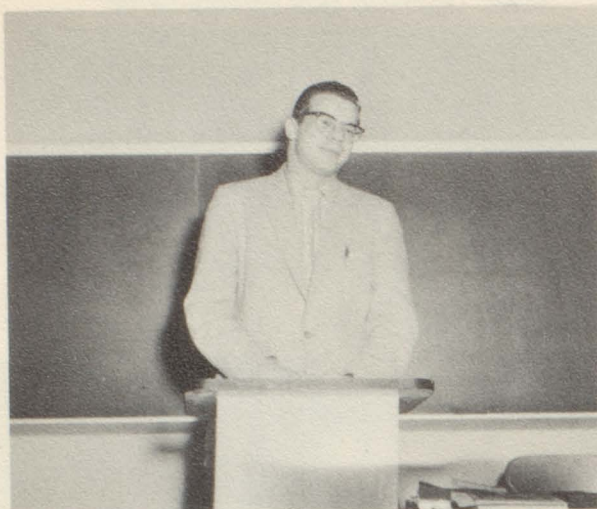

Mrs. Thelma Sharritt teaches world history and Latin I and II. The Latin classes made scrap books and wrote original myths, many of which were published in the Amplifier.

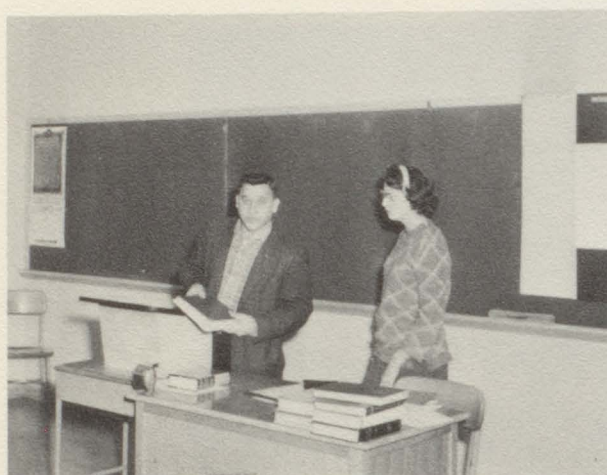

Another new addition to M.H.S. is Mr. Stewart MacDonald. He teaches English and directed the senior and junior plays both of which were great successes. Among his hobbies is slide photography.

Social Studies

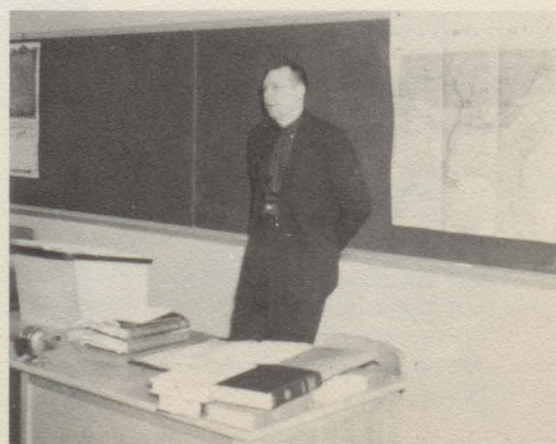

One of our more versatile teachers at Marysville High School is Mr. John Whitehouse. He teaches a world history class in addition to two geography and two public speaking classes. Mr. Whitehouse is also a senior class advisor.

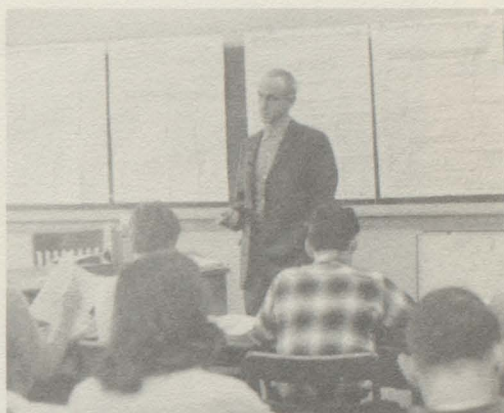

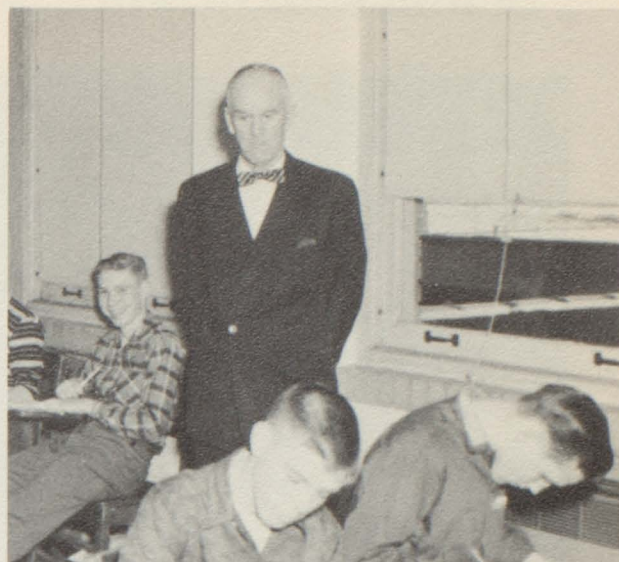

Mr. Frank Wheeler teaches two American history classes and one world history class this year. Besides being coach of cross-country and track teams, Mr. Wheeler is the advisor of the Varsity Club.

Besides being a junior class advisor, Mr. Frank Martin teaches American history classes. In following up his interest in outdoor activities, he works for the Port Huron Recreation Department during the summer months.

Mr. S. H. Sims teaches ninth grade social studies classes, mainly, although he also taught world history this year. Mr. Sims has been ninth grade class advisor for many years, and we are sure all freshmen will agree that they would be lost without him.

Mr. Dwight Lange, well-liked by the senior class of M.H.S., is a senior class advisor. He teaches government classes during the first semester and economics and social problems classes during the second semester.

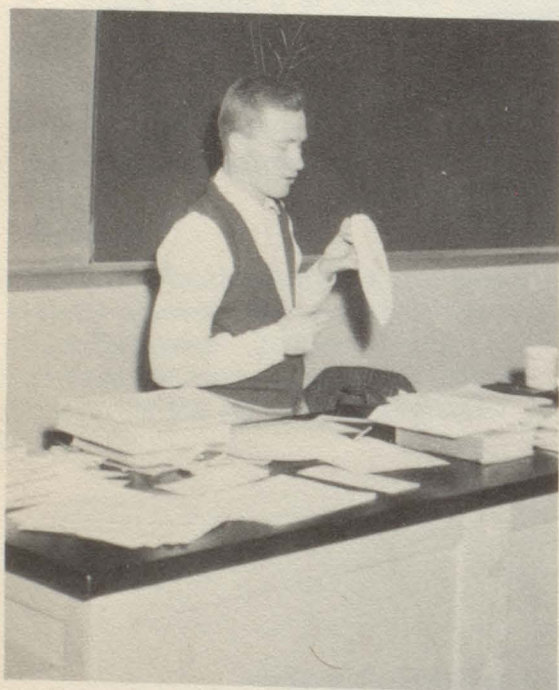

Mr. William Spencer, sophomore class advisor, primarily teaches world history classes, although he taught two government and social problems classes this year. Mr. Spencer is also President of the Marysville Teachers' Club.

Science

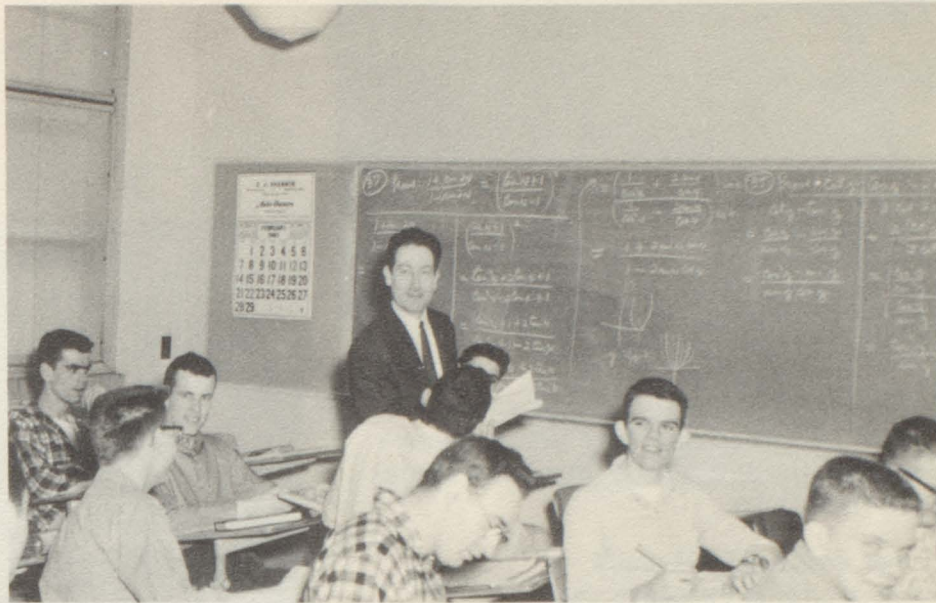

Mr. Stephens teaches chemistry, physics and physical science. He is also the co-advisor of the Science Club. His students in chemistry, physics, and the Science Club enter projects in the Science Fair. He is presently the commanding officer of the electronics division in the Naval Reserve Officers Corps.

Mr. Morris is our biology instructor. He is also the co-advisor of the Science Club. Many of his students in the Science Club enter biology projects in the Science Fair.

Mathematics

Mr. Yon teaches plane geometry, second year algebra, solid geometry, and trigonometry. Many times his students have rated quite well on the math tests at the Science Fair. Mr. Yon plays the trombone for the teacher's band in his spare time.

Mr. Van Conant is also a math teacher at Marysville. This is his first year here and we are glad to have him. He teaches algebra and geometry.

Mr. Burm Misenar is one of Marysville's mathematics instructors, with a ninth grade general math class. In addition, he is also one of the school's counselors. In his spare time, he plays in a dance band.

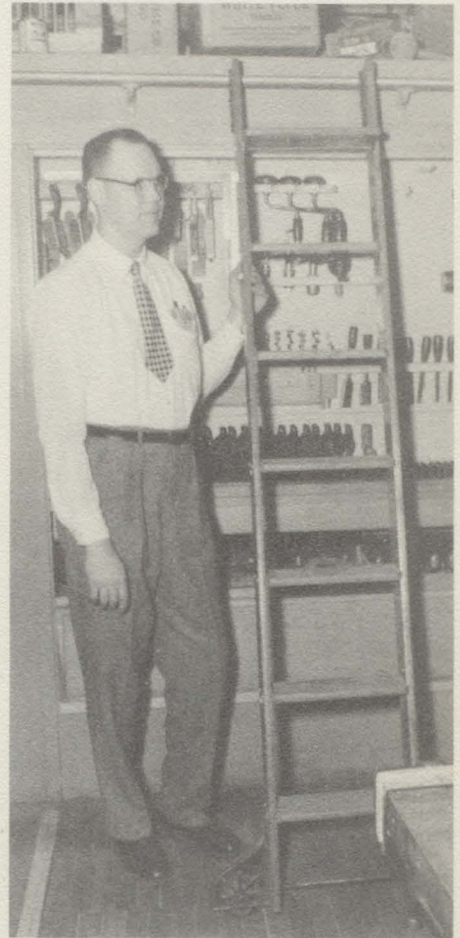

Industrial Arts

Mr. Don Pearson teaches general shop, Drawing I, and seventh and eighth grade general shop classes. He is co-sponsor of the Model Airplane and Gun clubs.

Mr. Gerard Burghdorf, a member of Marysville's industrial arts staff, teaches mechanical drawing classes. He has both first and second year classes.

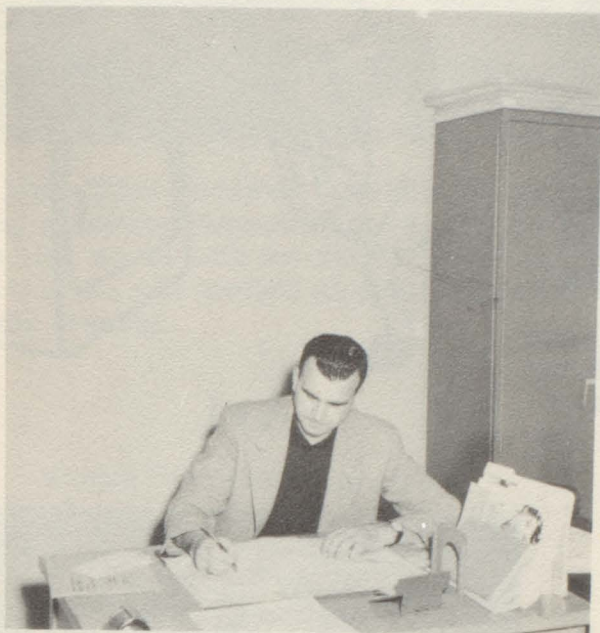

Mr. Fred Hop teaches beginning woodwork, machine woodwork, and carpentry classes. He is also a co-sponsor of the Gun club.

Mr. Carl Rowland, a member of the industrial arts teaching staff, teaches a day trade machine class and a beginning machine metal class. He is co-sponsor of the Model Airplane club.

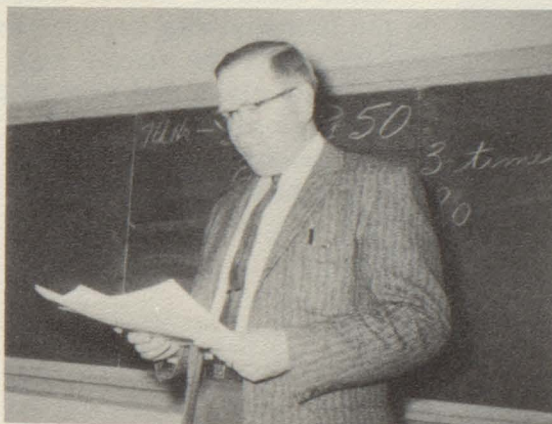

Commercial

Mr. William Philp is in charge of our Student Council. He is the head of our co-op system and helps students get work experience. He also teaches a math class.

Miss Donna Amoe teaches typing, business English, office practice, and shorthand. She is also the head advisor of the Tri-Hi-Y, and likes to swim.

Mr. Neil Collard teaches several commercial classes, including shorthand, typing, and office practice. This is also his first year as the head advisor of the Bible Club.

Mr. George Pake teaches salesmanship, bookkeeping, and typing. He is in charge of some junior high sports including baseball and track.

Home Economics

Mrs. Barbara Sullivan teaches home and family living and home-making classes. The senior girls plan a make-believe wedding, make house plans, and balance budgets. They also learn how to plan dinners, and other ways to make the home attractive. The other classes learn how to sew and cook.

Art

Miss Geralda Mullen teaches in the homemaking department. She instructs the senior high home economics class and part of the junior high classes.

For hobbies, Miss Mullen engages in bowling, sewing and traveling.

Mrs. McCall is the head of the art department. Her classes have made several displays for the school and for open houses. In these displays were featured leather craft, paintings, paper mache, and other works of art.

Music

Pictured here is Mr. Salvo who directs the band at the half during football season. Mr. Salvo also teaches the chorus and the band classes and instructs a music theory course. The band and chorus have a winter concert and a festival in the spring.

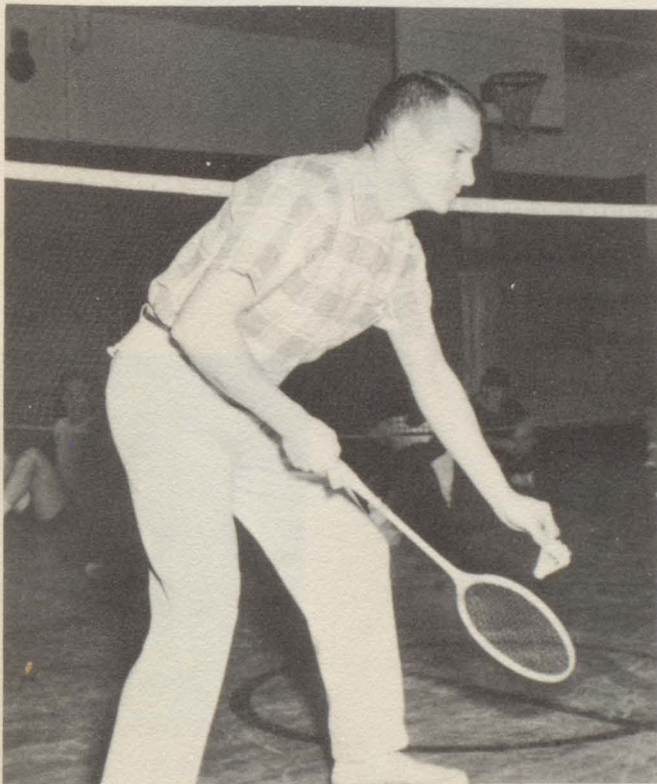

Physical Education

Miss Ellen Cornwell instructs the girls' physical education classes in the senior high school. She also works with the varsity cheerleaders, the G.A.A., and teaches an adult education class in the evening.

Coach Bob Sullivan, Director of Marysville's physical education teaching staff, teaches the senior high boys' gym classes. Among other activities, Mr. Sullivan coaches the varsity football and baseball teams. He also assists in coaching other sports.

The seventh, eighth, and ninth grade girls enjoy physical education classes with Miss Ann Fitch. Miss Fitch also teaches a lifesaving class after school and coaches the cheerleaders.

Homecoming

Her Majesty and Her Court—. Pictured here are the girls honored to be on the Homecoming Court. They are from left to right: Marjorie Jokie and Lucille Stroh, freshmen; Judy Parniske, a senior; seated is Queen Kathy, also a senior; Colleen Conlee and Joyce Zimmer, sophomores; and last but not least, Judy Squires and Bonnie McPherson, juniors.

The Seniors were very proud to have their class President crowned queen, and for good reason, too. If anyone deserved it, she did. Congratulations, Kathy!

"Our Man" was his name and "Drive Em Hard" was the theme of the senior float. Pulling the chariot are seniors portraying Hornets or the St. Stephen's football team. These are Jere Horn, Carol Hollands, Martha Whitsitt, Joyce Conlee, Terry De Lano, Margaret Stephens, Emily Goodmen, Mari Bader, Diane Campbell, Mike Warner, and last, but not least, Charlie Gosman. The senior float won first prize in the float contest—a worthy award!

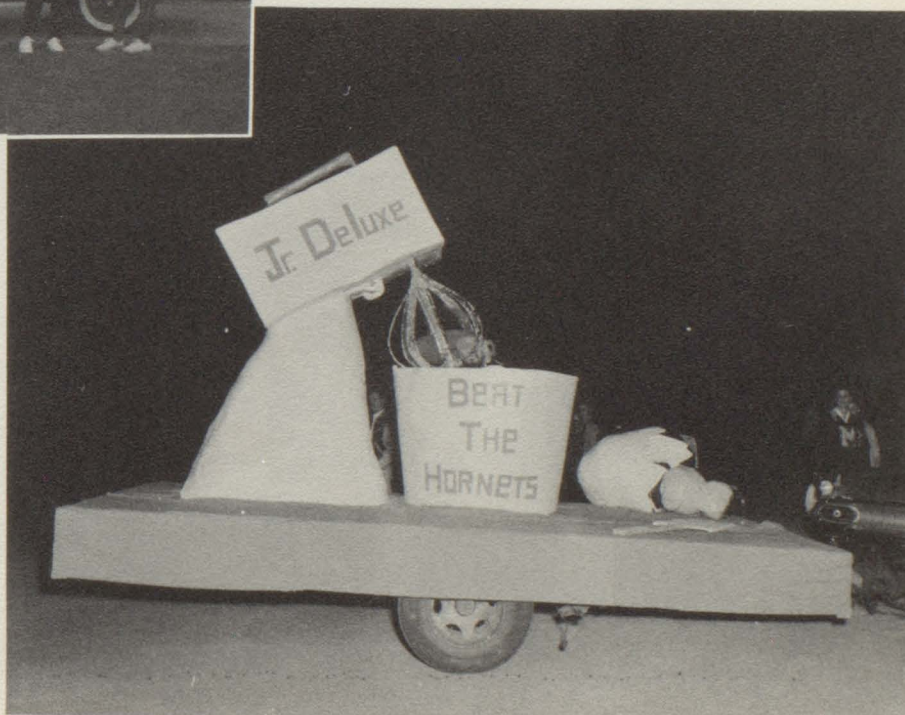

Well, Kathy did it again! Here we see her proudly accepting the beautiful red roses that helped to make official her thrilling victory as Homecoming Queen for 1959. There was great joy as Tom Reilly, Student Council Vice-President, handed our Miss Ingraham those flowers fit for a queen. Kathy was extremely exuberant, and we doubt very much if she will ever forget that glorious event.

Prize-winning car belonged to Cindy Parker. The Parker's "bug" portrayed a sick Hornet. A prize of \$5 was awarded to Cindy, but she put it in the Junior class treasury. "Hornets" from left to right are Janet Pickard, Cindy Parker, Mary Gene Moore, Sandy Houle, and Gayle Pentland.

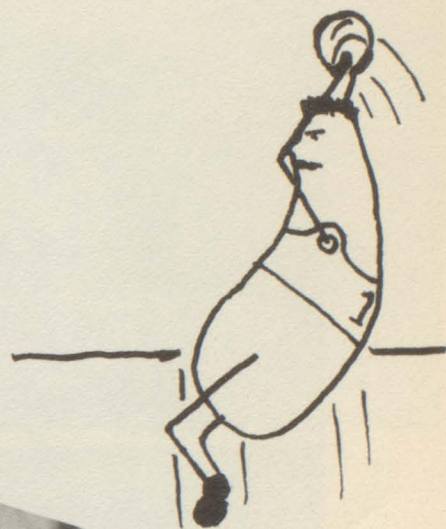

Juniors won second prize in the contest with their float. The theme was a huge egg-beater with St. Stephen's Hornets thrown into the bowl. True to form, the Hornets were "whipped" that night. Congratulations, Juniors! You had a fine float.

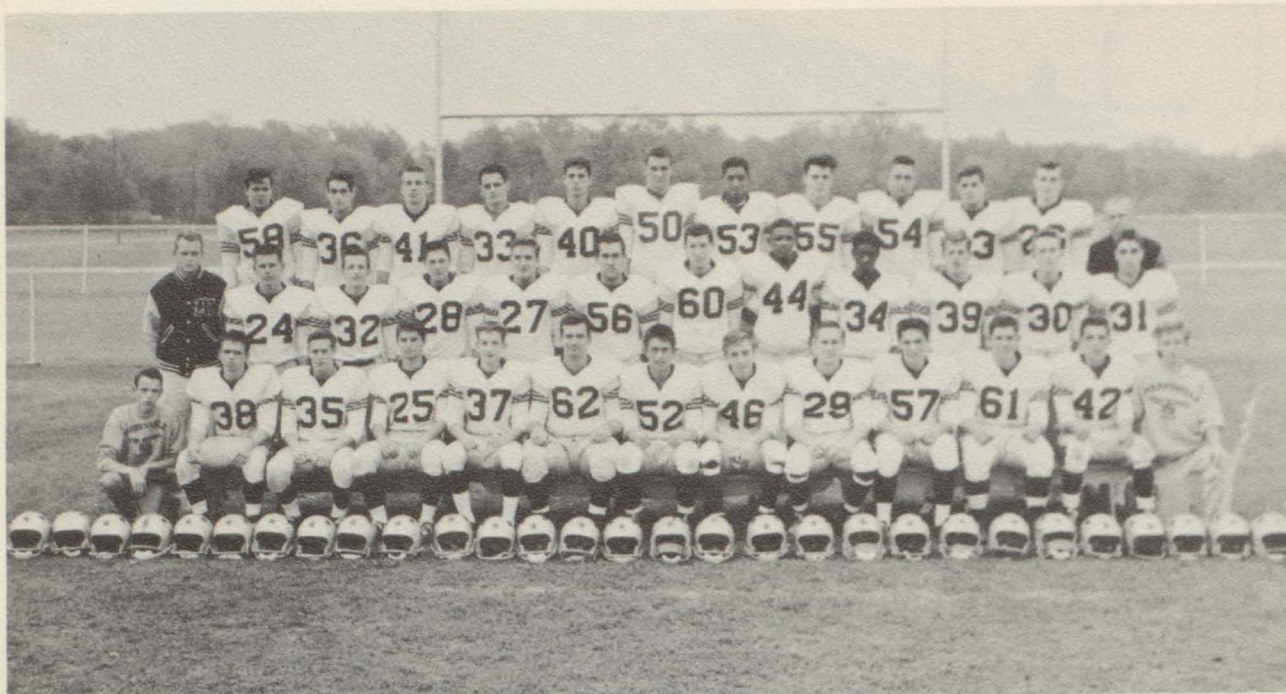

"To love the game beyond the prize."

"One of the finest teams I've ever coached," says Coach Bob Sullivan. Everyone who had the privilege to see these boys in action must agree, even the opposition.

A great deal of hard work went into the making of this fine team. Working out in wind, snow, rain, and cold weather, perfection was the thought of each player. This was in each heart: to gain enough supremacy to hold down his chosen position—to outdo the other.

Results? "We had a great offense," said the football mentor. "Along with this, a strong defense held the opposition to a minimum of points."

Right: Larry Glenn carries the ball after receiving a pass from Paul Jackson. The play covered twenty-one yards. Many teams fell victim to this combination play, including Cros-Lex, as shown here, played on October 23, 1959, at the Marysville stadium. The Vikings won with a score of 46 to 6.

Below: Paul Jackson, a successful pass-thrower who completed twenty-six of thirty-two passes thrown, is shown here in the St. Stephens game. The Marysville Vikings were victorious in the homecoming game which was played on September 25, 1959. The final score was 21 to 7.

Below, left to right: Only runner to qualify for the State Finals, Dave Dobson; Coach Frank Wheeler; team captain, Bob Krupa.

The outstanding runner on this year's squad was Dave Dobson. Dave finished third in the Regionals and eleventh in the State Finals. Ray Warren was sidelined late in the season with the flu, as were Wayne Jackson, Gary Goodin, and Mike French. Captain Bob Krupa, Bob Green, Dave Arnett, Arnold Koebke, Frank Schattler, Don Polovich and Bill Bunn rounded out the varsity roster.

The reserve squad consisting of George Caudill, Ronnie Sanderson, Jerry Thompson, Gary Barnes, and Danny Siegle should strengthen the varsity cross country team next year. The reserves this year won the Thurston Invitational and were undefeated in five dual meets.

COACH DICK PARFITT

Paul Jackson drives for two points in the fourth quarter against St. Clair. This game opened the S. C. A. L. for both teams as St. Clair came out victorious, 67-50. St. Clair won both league games with Marysville. The score in the second contest was 64-58.

Senior guard Don Sharrard takes a jump shot in the first period in the game with Richmond, played there. Right behind the closely guarded Sharrard are Wayne Jackson (20) and Uwe Wiese (52). Marysville won, 57-39.

Who gets it? There appears to remain a question of possession as Uwe Wiese and St. Stephens' guard Jim Gosger rebound. Other Vikings are Wayne Jackson (20) and Bob Stinson (behind no. 41). Marysville won the hotly played game 77-64.

COACH FRANK WHEELER

Coach Frank Wheeler's 1959 Varsity track team established many records last year, both school and county, and one at the Central Relays. This year's squad is no less powerful. They are strong in many events, and not weak in any.

The squad travels to big relay meets, invitationals consisting of many schools, as well as our own relays, invitationals, and then last, but the most relished of all meets by all boys who qualify, the State Finals. Throughout the season the boys participate in a number of dual and triangular meets.

One of the most common sights at city part in the spring is Coach Wheeler with a stop watch, taking times of all boys in their respective events, always willing to help those who need and want help.

Mr. Wheeler is in his fifth year of track coaching here at Marysville, turning out championship teams four times in his first four years here.

When it comes to track, Marysville is difficult to equal in this area.

"We have reached the end of our senior year. Just what does it do to you? For some of us it only means the last vacation before starting college. It means a little bit of fun before we have to go back to the routine of attending classes, writing term papers, taking tests, and so on. But what about the rest of us? Does it make you happy to know that you'll never have to cram for another English exam, write answers to government questions, or sponsor a class dance? Does it feel good to realize that you won't have to wear yourself out by yelling at football

games? Are you relieved by the knowledge that you will never again have to work your fingers to the bone trying to win first prize for the best class float? Is the fact that you won't have to spend any more lunch hours dancing in the recreation room making you jump with joy? Good, it should be! After all, you went through all these things for three or four years, didn't you? You deserve to graduate and get what you want. Well, what's the matter? That is what you wanted, isn't it?—the chance to get out of school so you would not have to do all those things? So . . . now that you have accomplished your goal, where do you go from here?"

Mary Gene waits patiently while Miss Vivian tries to figure out just one of our many problems.

Yearbook

Staff

Our "Schmoe Drawer" looks like he's ready to start another days work.

Everybody takes time out for a picture. From left to right in the back row are, Sharron Lash, Mary Gene Moore, Miss Vivian, Advisor; Sally Weaver, Judy Stallard, and John Bearden.

Seated in the front row are, Margaret McCormick, Gloria Ferris, Mari Bader, Editor; Terry DeLano, and Norm Koehler. Not pictured, Karen Nurenburg.

Without these gals we probably wouldn't have gotten done. Thanks, "typists".

Boy, that glue stinks! Poor Mari, everytime you see her she is pasting pictures for the yearbook. Well, being the "boss" gives her a natural desire to make the Viking a success.
